The beginning of the week started with a storm and lots of rain (the season is here!) but cleared up nicely for the last 3 days with flat seas and plenty of sun. Thanks to Willie's group from Norfolk, Virginia and to the divers on the Island Time for a great, laid back week of diving. Notable sightings this week included a splendid flatworm, sailfin blenny, neck crabs and the rare toadfish. Spinner dolphins put on a nice show and hung around for awhile allowing plenty of photo ops!

Hope to see everyone next year for more!
